POLITICS ARE EXPENSIVE IN KEYSTONE STATE

PENNSYLVANIA PRIMARIES TO BE INVESTIGATED

GROUP OF CAMPAIGN CHIEFS IS
CALLED BY SENATE COM-
MITTEE

ARE TO BE ASKED TO TELL HOW
THEY SPENT THEIR
MONEY

By PAUL R. MALLON
(United Press Staff Correspondent)
Washington, June 10. — (UP) —
The amount of money spent in the
Pennsylvania primaries by the group
of which Secretary of the Treasury
Andrew W. Mellon is the leader, was
to be the subject of inquiry at to-
day's session of the senate committee
investigating primary campaign ex-
penditures.

A group of campaign chiefs were
called by Senator Reed, democrat,
Missouri, to tell how much money
was spent.

Reed was satisfied with testimony
of Governor Gifford Pinchot and his
secretary, P. S. Stahlnecker, who in-
formed the committee that probably
more than \$260,000 had been ex-
pended in behalf of Pinchot's candi-
dacy. Pinchot admitted that he
personally and others, chiefly relatives,
had given about \$160,000 to the
campaign fund and that county
committees had worked for him with-
out returning statements of this fund.

Reed promised to call to the stand
Joseph R. Grundy, a leader in the
Pepper campaign, as first witness to-
day. Grundy knows the amount ex-
pended by all the candidates for the
republican senatorial nomination and
Reed expects to get his opinion on
the amount spent by his opponents.

Washington, June 10.—Investiga-
tors have ascertained that at least
2,500 persons were illegally voted in
the city of Pittsburgh in the recent
primary, Charles E. McGovern, man-
ager of the west state headquarters
of Gifford Pinchot, unsuccessful can-
didate for the republican senatorial
nomination, told the senate investi-
gating committee today.

McGovern said he had selected
men to find out whether those vot-
ing had tax receipts, which are re-
quired by law.

"We did not have enough money
to investigate all of them," he said,
"but we found 2,500 who had no tax
receipts or had fraudulent tax re-
ceipts and who should not have been
permitted to vote under the law."

GIVES STORY OFF WHAT HE VIEWED VOTE BUYING

Washington, June 10.—A story of
what he viewed as vote buying in
the Pennsylvania primary was relat-
ed to the senate primary investigat-
ing committee today by Charles O.
McGovern, western state manager of
Gov. Gifford Pinchot of Pennsyl-
vania.

McGovern said that Pinchot's op-
ponents, William S. Vare, wet and
Sen. George Wharton Pepper, spent
nearly a half million dollars for paid
watchers at the polls in Allegheny
county (Pittsburgh) alone on elec-
tion day.

He pronounced the system of hir-
ing paid watchers nothing more
than a subterfuge for "buying
votes."

He charged that considering the
total votes of Pepper and Vare in
the county they had spent more than
\$7 for each vote.

Pepper's expenditures for paid
watchers alone made each vote in
the county cost him \$4.14 and Vare
\$3.21, McGovern said.

It is understood that W. L. Mellon,
nephew of the secretary of the treas-
ury will be called to the stand at the
session tonight to answer questions
as to how much the Mellon organiza-
tion spent in Pepper's behalf.

McGovern's sensational claims fol-
lowed charges at the opening of the
hearing that at least 2,500 voters il-
legally voted in the recent primary.

Pepper had 35,350 watchers at a
cost of \$10 a day making this item
run \$353,500, McGovern charged.
Vare, he said, had 14,140.

Both must have spent \$494,900
for this charge in the one county,
McGovern said.

And there are 67 counties in the
state, he added.

McGovern said the "machine in
the state" was controlled by M. G.
Leslie and Rep. Vare, with Leslie
running it in the west and Vare in
the east.

"Their idea is apparently to defeat
the will of the people," said the
witness.

"Is that practice confined to the
republican party?" asked Sen. Goff.
"No, I don't think so," McGovern
replied. "But it's chiefly in the re-

A RECIPROCAL DIVORCE GRANTED BY FRENCH COURT

Paris, June 10. — (UP) — Recipro-
cal divorce today was granted
Frederick Nixon Nierdinger and
Mrs. Charlotte Isabel Nash Nierd-
linger. Nierdinger began the di-
vorce action protesting his wife's
indifference. Mrs. Nierdinger in-
stituted a counter suit charging
that her husband caused scenes.

KU KLUX KLAN IN CAMPAIGN AGAINST PAROCHIAL SCHOOLS

SEEK TO ABOLISH THESE AS
WELL AS PRIVATE
SCHOOLS

THEIR ACTIONS BITTERLY AS-
SAILED BY SEVENTH DAY
ADVENTISTS

Milwaukee, Wis., June 10. — (UP) —
Ku Klux Klan activities towards
the abolition of parochial and private
schools were bitterly assailed
here by speakers at the convention
of Seventh Day Adventists.

While the state may, and should
have the right to regulate the stand-
ards of education and maintain all
schools, public, private and parochial
up to that standard, it should not
presume to force attendance at public
schools, is the general opinion of the
Adventists.

Elder H. W. Cottrell asserted that
parents have the right to be religious
or non-religious and in either
event to choose their church or so-
cial affiliation. They also have the
right to educate or direct the educa-
tion of their children in lines of re-
ligion or non-religion as they think
best, and in the end to answer to
God.

FRANK B. LENHART NEW GRAND MASTER OF ODD FELLOWS

St. Paul, June 10. — (UP) — Frank
B. Lenhart, Minneapolis, was in-
stalled as Grand Master of the Odd
Fellows here today, concluding the
annual convention of the order.

Mayor L. C. "Larry Ho" Hodgson
welcomed the 2,000 Odd Fellows and
Rebekahs to the city to the huge
banquet last night at the Union de-
pot rotunda.

Five men and 21 women were
pinned with the decoration of chival-
ry following the banquet.

Officers elected in the afternoon
session included J. W. Briggs, Moor-
head, grand secretary.

STATE BANKERS DISCUSS PROBLEMS OF THE FARMERS

St. Paul, June 10. — (UP) — The
Minnesota Bankers' association in
the 37th annual convention assem-
bled here today at University Farm
and discussed the farmers' problems.
The program was arranged by Dr.
A. V. Storm, director of short
courses.

The major part of the convention
will be devoted to the methods of
farm development in the state.

The proposed bank guarantee law
for Minnesota was attacked in a re-
port by the legislative committee
headed by chairman M. A. G. Wedge,
Park Rapids.

publican primary, because that's all
that amounts to anything in Penn-
sylvania."

"But the democrats are not im-
mune to infections?" Goff persisted.
"I don't believe they are," McGov-
ern said.

Bosses are entrenched in Pennsyl-
vania so strongly that they can
count election returns favorably to
their candidates regardless of the
ballots cast, Charles S. McGovern,
western state manager for Gifford
Pinchot, told the senate primary ex-
pense investigating committee this
afternoon.

The people can do nothing and
the courts can do nothing to stop
such practices, he said, upon resum-
ing testimony after charges this
morning of thousands spent for
watchers in the Pennsylvania pri-
maries, a form of vote buying, he
claimed.

FARMERS FACE SHORTEST CROP PRODUCTION

LEAST IN 15 YEARS, DUE TO AN
UNSEASONABLE
SPRING

AGRICULTURAL DEPARTMENT
GIVES OUT INFOR-
MATION

Washington, June 10. — (UP) —
Farmers are faced this season with
the shortest crop production of the
last 15 years, due to an unseasonable
spring, the agricultural department
announced today.

Bumper crops of winter wheat
were forecast with production total-
ing about 543,300,000 bushels, an
increase of nearly 150,000,000 bush-
els over the harvest last year, but
the condition of practically all other
crops is much below normal.

The condition of spring wheat is
7.4 per cent below a 10 year average
of 89.9 per cent. The crop in the
northwest is suffering for moisture
and is below average in most produc-
ing states. Pastures and hay crop
have suffered from drought. While
in the southwest and west the hay
crop will be good, indications are
the harvest for the entire country
will be smaller than for any previ-
ous 15 years.

The planting of corn and other
late crops has not been completed,
the department said, therefore no
prospective condition or production
estimate could be made.

WHITE TWP. SALARY LIST IS SUSPENDED

COURT ORDER STOPS PAYMENT
IN MESABA RANGE
TOWNSHIP

SALARIES TO BE EXAMINED AS
TO THEIR LEGAL-
ITY

Virginia, Minn., June 10. — (UP) —
Payment of salaries of White town-
ship officials has been stopped by
court order pending an examination
of their legality.

Township Treasurer John Aspie
and three depositaries for township
funds were restrained by Judge Ed-
ward Freeman in district court here
from honoring 116 warrants for a
total of \$12,000.

Judge Freeman fixed Saturday,
June 26, as the date for a hearing
on the action instituted by John
Lida, a taxpayer, who asked a tem-
porary injunction against Aspie and
the First National Bank of Aurora,
the First National Bank of Two Har-
bors and the First State Bank of
Aurora.

The suit was brought on the heels
of the recent report of Garfield W.
Brown, state public examiner, who
charged irregularities in township
funds and the finding of a recent
grand jury, which charged three of-
ficials with receiving illegal payments.

T. Smalley Sandberg and Eli Dan-
colovich, members of the board of
supervisors, have been convicted but
not sentenced, on charges of illegal
ly receiving town funds for salaries
and expenses, and John Bradach,
township clerk, has entered a plea of
guilty to a similar charge.

SEARS LEADS MRS. OWEN BY 400 VOTES

Jacksonville, Fla., June 10. — (UP) —
With only a few precincts missing
Representative W. J. Sears was lead-
ing Mrs. Ruth Bryan Owen by more
than 400 votes today for the demo-
cratic congressional nomination in
the fourth district in Tuesday's pri-
mary.

Overwhelming majorities given
Sears in Monroe county enabled him
to take the lead, which had been
held by the daughter of the late Wil-
liam Jennings Bryan by about 100
yesterday.

The Monroe county result also
brought an announcement from
James A. Carson, husband of Mrs.
Owens' campaign manager, saying if
Sears wins the Owen forces would
demand a recount.

EFFORT TO HARM HUNGARIAN PREMIER FAILED TODAY

HUNGARIAN REPUBLICAN PENE-
TRATED THE FORMER'S
POLICE GUARD

STRUCK THE PREMIER A HEAVY
BLOW IN THE
FACE

Geneva, June 10. — (UP) — An ef-
fort to harm Premier Count Bethlen
of Hungary failed today when a
Hungarian republican, named Ivan
Dujutsch, penetrated the police
guard supplied the premier and
struck him a heavy blow in the face.
Bethlen's friends came to the pre-
mier's assistance and police arrested
the attacker. Dujutsch is secretary
of the Hungarian republican party
and a relative of Jules Dujutsch, for-
merly head of the defunct Hungarian
independence movement.

Extraordinary police precautions
have been taken in Bethlen's behalf
since he arrived yesterday to attend
the meetings of the Hungarian com-
mittee of the League of Nations coun-
cil.

The assailant struck only one hard
blow, leaving a deep red mark on
the premier's face.

Chairman Guant of the League
council apologized to Bethlen when
the council convened today.

300 ARRESTED AFTER MINOR RIOTS IN KOREA

ATTENDING ELABORATE FUNE-
RAL CEREMONIES OF EX-
EMPEROR

STUDENTS CREATE AN UPROAR,
SHOUTING "SUCCESS TO
KOREAN INDEPENDENCE"

Seoul, Korea, June 10. — (UP) —
Three hundred persons have been ar-
rested after minor riots at the elab-
orate funeral ceremonies of Yi, ex-
emperor of Korea.

Students created an uproar by
shouting "success to Korean inde-
pendence," when 100,000 people
gathered on a mountain top at dawn
yesterday in the funeral ceremonies.
Revolutionary pamphlets were be-
ing distributed by the students when
police intervened, making wholesale
arrests.

The funeral itself was picturesque
and the funeral procession one of the
greatest the world has ever seen.
The catafalque was borne by 200
men in relays to the mountainside
tomb, which was eight miles from
the city. Twenty thousand troops,
twenty-five thousand students, 2,000
priests, 3,000 musicians and at least
50,000 citizens marched with the
procession, while 4,000 police and
troops were lined along the route.

The funeral was conducted with
the full ceremony of the Korean
rites, the Japanese authorities per-
mitting the display of the old Korean
flag during the ceremonies.

EIGHT KILLED IN AUTO MISHAPS

DEATH TOLL ACCUMULATED IN
DULUTH SINCE
JAN. 1

Duluth, June 10. — (UP) — Eight
persons have been killed in Duluth
by automobile accidents since Jan. 1.

The eighth fatality occurred Wed-
nesday night when Joseph Kangas,
54, of Floodwood, Minn., died of in-
juries received when he was struck
by a truck driven by Francis Guit-
ard, 18, of West Duluth, in the down
town district of Sixth Avenue West
and Superior Street.

UNITED MINE WORKERS FAIL WITH INJUNCTION

JUDGE LAZELLE DISMISSES THE
PETITION FOR THE
WRIT

HELD FEW MEN CANNOT GUAR-
ANTEE SERVICE OF
THOUSANDS

Morgantown, W. Va., June 10. —
The first attempt by the United Mine
Workers to use the injunction in an
industrial dispute has resulted in
failure.

At the same time, the court, which
refused to grant the injunction, held
that the Jacksonville wage scale,
regulating union wages in the soft
coal fields, was signed by persons,
who did not represent the entire
body of the United Mine Workers or
the bituminous operators.

In circuit court yesterday, Judge
I. Grant Lazelle dismissed the peti-
tion for an injunction seeking to
compel four large coal companies of
the Pursglove and Paisley interests
of Cleveland to operate under union
agreement. These mines were open-
ed on the non-union basis this spring
after having been operated under the
union scale.

The court held that the time had
not arrived in America when a few
men can make a contract whereby
they can guarantee the services of
thousands of men to any company or
industry.

BRAZIL HAS TENDERED RESIGNATION

LEAVES THE LEAGUE OF NA-
TIONS COUNCIL, SAYS EX-
CHANGE TELEGRAPH

BUT STIPULATES NOT RELINQU-
ISHING MEMBERSHIP IN
THE LEAGUE

London, June 10. — (UP) — An Ex-
change Telegraph message from
Geneva today says that Brazil has
tendered its resignation from the
League of Nations council, but stipu-
lated that it was not relinquishing
membership in the League.

Mello Franco, the Brazilian coun-
cil member, tendered the resignation,
according to the dispatch.

Geneva, June 10. — Brazil will not
continue as a non-permanent mem-
ber of the League of Nations council
after September, Mello Franco, the
Brazilian council member, announ-
ced today.

The announcement puts Brazil's
future status in the League of Na-
tions up to the League itself. The
League meets in September and it
would be possible then to make Bra-
zil a permanent member of the coun-
cil, which is what Brazil desires.

Mello Franco intimated that Bra-
zil may await the final decision of
the committee on reorganization of
the League council before announc-
ing a permanent seat is an impos-
sible aspiration.

The precise scope of the Brazilian
declaration is not yet clear, but it
seems to mean merely that Brazil
would decline to occupy a non-per-
manent council seat after September.
It would not be necessary to with-
draw from the League of Nations to
vacate a council seat.

TWO ARE DEAD AS GASOLINE EXPLODES BY CLOTH FRICTION

Luverne, Minn., June 10. — (UP) —
Two persons were dead here today
as the result of a gasoline explosion
caused by the friction of pieces of
cloth being rubbed together in the
process of cleaning.

M. C. Suhumski, 35, a public ac-
countant, and Russell, the 21 month
son of Mr. and Mrs. Walter Krug,
neighbors of Suhumski, were killed.
When the explosion occurred
Suhumski was in the kitchen of his
home. Flames sprang up around
him, but he grabbed the pan of gaso-
line and rushed out.

The Krug baby was playing on the
porch. Part of the blazing fluid
spilled on the child and its clothing
was ignited.

RUMANIA HAS FLOODS, DEATH TOLL RUNS TO 60

Bucharest, June 10. — (UP) —
Disrupted communications in the
flooded provinces of Rumania have
prevented local prefects from giv-
ing full reports of damage to the
capital.

Casualties officially reported so
far reached 60 but a larger death
toll is anticipated. Reports of
heavy loss of life as given in the
local press have not been con-
firmed.

N. D. WHEAT GROWERS' STAND ON GRAIN SAMPLING

OPPOSE ABOLISHMENT OF GRAIN
SAMPLING POINTS IN
MINNESOTA

SAY LOSS OF PREMIUM, ETC., RE-
SULTS IF STATIONS ARE
CLOSED

Grand Forks, N. D., June 10. —
(UP) — Abolishment of grain sam-
pling points in Minnesota was opposed
today by the North Dakota Wheat
Growers' Association.

Loss of premium and elimination
of competition between terminals
will be the result if the stations are
closed, George E. Duis, president of
the association, declared in a state-
ment today.

Benefits of the grain sampling
points to shippers are so great that
they would afford to pay a small
charge, if necessary, in order to have
the privilege continue, Duis asserted
in his statement, which dealt ex-
haustively with the situation.

Opinion among grain dealers and
shipping men on the effect of closing
the stations is divided. Railroads
have served notice of abolishment of
the practice, because, it is contend-
ed, the practice of "holding cars for
orders" has threatened congestion at
peak grain movements and if con-
tinued will put the carriers to enor-
mous expense to provide facilities.

With Duis on his position that
"the privilege gives the shipper a
marketing advantage of sufficient
value to justify paying a price for its
retention," commission men of Min-
neapolis have taken a similar stand.

In favor of abolishing the
practice are Duluth commission men
and the North Dakota Grain Dealers'
Association. Duluth commission men
in a brief on the matter and R. A.
Gunkelman, president of the North
Dakota Grain Dealers' Association,
believe, in direct contradiction to
Duis, that when the stations are
abolished, market competition will
be restored. The holding privilege,
the Duluth brief says, "has eliminat-
ed selling to arrive."

The sampling points in controversy
are located on the Northern Pacific,
Great Northern and Soo Lines at
Staples, Glenwood, Willmar and St.
Cloud.

The question of their continuance
was the chief subject before the last
meeting of the Northwest Shippers'
Association. A committee consisting
of representatives of the three states,
North and South Dakota and Minne-
sota, was appointed to study the
matter.

This committee, the joint memoral
grain committee and the contract
committee of the railroads will meet
in the Twin Cities on Friday, June
25, in an attempt to arrive at an
agreement.

ASK THAT 18TH AMENDMENT BE UNCHANGED

Minneapolis, June 10. — (UP) — A
resolution of thanks to God for the
18th amendment was adopted by the
Norwegian Lutheran Church of Am-
erica before it adjourned its biennial
convention Wednesday.

The resolution declares that "we
believe that the 18th amendment
should be allowed to stand unmodi-
fied as a part of the fundamental
law of the land and that it should
be vigorously defended and enforced
by all departments of the govern-
ment. We therefore urge on all
members as dutiful and loyal citi-
zens to obey the law and to give
their whole hearted support to its
enforcement."

SENATOR FESS HAMMERS THREE PROPOSED LAWS

WORD FROM IOWA CORN BELT
DEMORALIZED THE
SENATE

SENATOR CUMMINS, STURDY AD-
MINISTRATION FRIEND,
DEFEATED

Washington, June 10. — (UP) —
The stampede to enact the Dawes-
McNary-Haugen farm relief bill in
the senate has been checked at least
temporarily, careful political ob-
servers believed today.

Two days' successive hammering
of the measure by Senator Fess, ad-
ministration republican and former
college professor, were said to have
done much toward halting the rush
for passage which set in with word
of the Iowa corn belt's revolt and
its defeat of the sturdy administra-
tion friend, Senator Cummins.

The farm bloc, however, does not
admit that Fess' onslaught has killed
the bill's prospects and this group
was today seeking to reorganize its
battle lines with the assistance of
the new farmers' champion, Vice
President Dawes.

Dawes was called into conference
by Senator Watson, republican, In-
diana, who since his victory in the
Indiana primaries, has grown con-
stantly more anti-administration in
his position on farm relief.

Though Dawes is taking a position
on farm relief quite opposite to
President Coolidge's and though the
Iowa primary has modified some an-
ti-farm relief spirit here, the White
House indicates that it still opposes
the equalization fee plan, even in
the revised form proposed by the
Dawes-Watson element.

Washington, June 10.—Secretary
of the Treasury Mellon today was
asked by farm leaders in the house
to make a study of agricultural mea-
sures now pending in congress in
order to advise them on the economy
therein.

Mellon said he could see fallacies
in all the proposed measures and in-
timated he was opposed to the equal-
ization fee in the Haugen bill.

Washington, June 10.—A farm aid
measure similar to the Tinchin
(house bill) was introduced in the
senate as a Haugen bill amendment
today by Senator Fess, republican,
Ohio, who for several days has been
attacking the Dawes-McNary-Haugen
measure.

The measure lacking in the equal-
ization fee principle and hence un-
acceptable to the farm bloc, calls for
\$100,000,000 for loans to farmers,
through a farmers' marketing com-
mission of seven members, including
the agriculture secretary. The bill
was introduced as an amendment to
the Haugen bill and was ordered to
lie on the table.

Senator Fess intends to call it up
when the Haugen measure is put to
a vote.

Washington, June 10.—The senate
today adopted a unanimous consent
agreement designed to bring the
Haugen farm relief bill to a vote
early next week.

REICHSTAG IN RATIFICATION OF RUSS TREATY

By FREDERICK KUH
(United Press Staff Correspondent)

Berlin, June 10.—The Reichstag
today ratified the Russo-German
neutrality treaty by a rising vote af-
ter a tumultuous hour or two in
which nationalists and socialists ar-
gued concerning the proposed ex-
propriation of former royal property.

The treaty was approved by a ris-
ing vote. It was negotiated after the
Locarno agreements of last au-
tumn and in some quarters has been
construed as a Soviet Russian effort
to counteract the alleged anti-Soviet
Locarno commitments. At Locarno
Germany sought special exemption
from Article 16 of the League of Na-
tions covenant, which would com-
pel her to participate in or to throw
her territory open to any League mi-
litary movement against an aggressor
nation.

Nearly all large real estate and development companies of the Twin Cities are plating lake lots on several of our lakes. We pre-

dict that Brainerd is on the road to a wonderful development of its greatest natural resource—its summer playground.

Let us help put Brainerd over. We have one of the finest little cities in the state but we cannot sell it to others unless we believe in it.

Brainerd has an ideal location as the gateway to the lake region and as soon as the paving is completed we will have a flood of tourists visiting our city. Let's give them the glad hand and show them that we appreciate their calling and

above all boost and believe in Brainerd.

There are several ten cent dogs in this town wearing ten dollar collars.

Farmers to be Interviewed and Reports Made to Show Progress of Farming in County

With the object in mind of giving its readers first hand and complete news on farm conditions, special farm stories, and personal farm stories from the farmers of Crow Wing county, the Brainerd Dispatch has added to its force, W. H. Triplett, a writer who knows farm conditions.

W. H. Triplett

Mr. Triplett will commence working immediately. He will travel throughout the county and will interview the farmers in regard to progress of farming.

A special column will be given space each day in the paper for the farm news.

DENIED STAY OF JAIL SENTENCE

Washington, June 10.—(UP)—Peter M. Hoffman, sheriff of Cook county, Illinois, today was denied a stay of his jail sentence for technical contempt of court, by Associate Justice Butler of the United States supreme court.

His attorneys are expected to appeal to other justices in an attempt to delay the sentence, which resulted from giving too much freedom to convicted Volstead law violators, sentenced to Cook county jail.

Sheriff Hoffman probably will ask to serve his sentence in the state prison at Joliet, as the Cook county jail is under his jurisdiction. Anyone of the nine justices may grant a stay but the denial by Butler indicates that his attorneys are not likely to be successful if they do appeal to other members of the supreme court.

Fined \$100 For Unlawfully Issuing Naturalization Papers

Milwaukee, June 10.—(UP)—John C. Hood, former clerk of the circuit court of Racine county, was fined \$100 by Federal Judge F. A. Geiger today for unlawfully issuing naturalization papers after they had been denied. Hood pleaded guilty several weeks ago, but sentence was deferred until today.

MAKING WHITE HOUSE SAFE FOR COOLIDGE

PRESIDENT WILL HAVE TO LIVE IN HOTEL UNTIL REPAIRS ARE MADE

ROOF NOT STABLE ENOUGH TO STAND A HEAVY LOAD OF SNOW

Washington, June 10.—(UP)—President Coolidge probably will be forced to live in a hotel here while the White House is being made safe for him.

An alarming condition of the roof of the executive mansion has caused administration officials to insist on repairs before another winter, when a heavy snow might cause the roof to crash.

House leaders today promised quick action on the president's request for \$350,000 for replacement of the roof and \$25,000 for temporary White House quarters, the money to be made available July 1.

An appropriation bill already passed by congress made \$110,000 available for repairs and maintenance of the White House.

PRESIDENT'S CHURCH ALSO NEEDS REPAIRS

Washington, June 10.—(UP)—With the White House already listed by Army engineers as urgently in need of repairs to guard against potential disaster, the president's church—the First Congregational—in the heart of the capital today was closed as "unsafe for further church purposes."

A condemnation committee warned that a disaster might result if the ancient structure continued to house crowds thronging to see the president at worship.

CROPS IN TWO STATES BURNING UP

Omaha, Neb., June 10.—(UP)—Crops in Nebraska and eastern South Dakota are burning up, as result of a month's drought agricultural authorities reported today.

A light rain last night brought little relief, but heavy showers were forecast for today and tomorrow.

Wheat, corn and oats are all badly in need of rain, the agricultural agents reported.

SWEDISH ROYALTY RESTS TODAY FROM STRENUOUS PROGRAM

Westbury, N. Y., June 10.—(UP)—Crown Prince Gustavus Adolphus of Sweden and the Crown Princess Louise rested today from their strenuous program of sight-seeing and entertainment.

As guests of Mrs. Robert Bacon at Old Westbury, Long Island, the two passed a quiet morning varied only by a visit to the Piping Rocks club by the prince and by a visit to the children's library at Huntington, Long Island, by the princess.

FASHIONS

By HEDDA HOYT
New York, June 10.—(UP)—The entire feminine world is at war against fat. The subject of avoirdupois is one upon which women of all scales of life meet on common grounds. Everyone is reducing, cringing from dainty deserts and potatoes as a condemned man cringes from the noose. Were it not so pathetic it would be ridiculous.

Wherever women gather, whether over teacups at the Ritz or over the back yard fence, there is one absorbing topic—fat! One woman will tell you that she's lost 40 pounds by going without breakfast. That starts the subject of two meals a day. Her friend on her right omits luncheon claiming that she is busiest during the middle of the day and that fat tissues are absorbed when one is working. Another woman's theory is that one shouldn't eat the evening meal as the system absorbs the food more readily while one is sleeping. And so it goes. There are very few women left in stylish circles with enough meat on them to cover a Norwegian sardine.

It is not becoming for all women to be thin. Youth can stand thinness since the flesh is firm enough to form a smooth covering for one's bones. Women past twenty-five usually find a little extra flesh flattering—to the face at least. Any one who has once been plump can not afford to grow too thin since the flesh becomes wrinkled and tends to sag, after reducing. Either we must keep thin at the start or reduce very gradually stopping whenever we detect a haggardness beneath the chin or on the cheeks. Many women are ill today through dieting too strenuously. The system requires a certain amount of storage flesh to combat diseases. Slender persons are more susceptible to colds than are people with flesh.

Why are women at war with fat? Because the feminine world is striving to keep young, to keep maiden figures. Nobody loves a fat woman is a popular belief. On the other hand, nobody loves a forty-five year old dancing cadaver even though she can wear a size sixteen dress and do the Charleston. Slenderness may be deceiving from a rear view but when we face the subject squarely we find that it's the bunk.

STUDENT LARK ENDS IN RIOT

PRINCETON, N. J., POLICE USE TEAR BOMBS AND FIRE IN AIR

Princeton, N. J., June 10.—Police were forced to use tear bombs and fire in the air to disperse 1,500 Princeton students when a student lark ended in a riot early today. Two students were arrested.

Students near Blair Hall, after firing rockets into the air, turned in a false alarm which brought the fire department. As disorder increased police were summoned. The students refused to disperse, and, according to the police, five tear bombs were thrown into the crowd and shots fired.

WHITEMORE IS SENTENCED TO HANG

Baltimore, June 10.—(UP)—Richard Reese, Whitmore, head of the so-called Whitmore gang of New York and Baltimore jewelry thieves, was today sentenced to hang for the murder of a prison guard, Robert Holtman. A jury reported in the same room on May 21 that they found Whitmore guilty of murder in the first degree. The verdict was an unqualified one.

BRAINERD'S OPPORTUNITY

One of the Cabins at Pine Shores

Attracting Thousands!

At Brainerd's "front door" is a tract of Natural Beauty such as residents of other states drive 1000, 2000 and 3000 miles to see and enjoy.

Cabins and cabin sites like that pictured above are calling thousands and thousands of tourists to the great North Woods of Minnesota. The eyes of the world have been diverted from the recent boom of a southern state to the alluring future of Minnesota as a mecca for summer tourists.

With the rapidly spreading popularity of its vast areas of Lakes and Pines, it was inevitable that Minnesota should gain such national favor as the ideal summer playground. This season, just beginning, promises a tremendous increase in the number of tourists to this state. Many will purchase permanent summer homes or sites on which to build. Indications point to a demand for lake-shore sites far in excess of any period in our history.

Minnesota Has Come Into Its Own!

Investors have sensed the coming activity! From distant states, far-sighted individuals have come, and acquired tracts of hundreds of acres, in preparation for the greatest movement of lake-shore property.

PINE SHORES, just outside of Brainerd, offers attractions appreciated by the lover of the Outdoors. 400 acres of Native Pine, Birch and Oak Forest, still in its natural state of beauty and primeval splendor. Frontage on two deep lakes; permanent water level; irregular shoreline; access to miles of interesting waterway along the Mississippi; a lay of land that provides a variance of cabin spots to satisfy any preference of setting. These, and the outstanding feature of EASY ACCESS, are winning the enthusiastic favor of those who have seen PINE SHORES.

Prices Are Low Now

Here is Brainerd's "ground floor opportunity." Only 3 miles from the city, yet it seems miles from everything, due to careful preservation and its secluded location, off the public highway. The ideal spot for your cabin! Enjoy the Lakes, River, Trout Stream—all outdoor recreation—within a few minutes of your business in the city.

Several cabins already built. Sites are available NOW for as low as \$425. Demand increases prices! With the indication of an unprecedented movement of desirable lake-shore property this year, and the probable higher prices of well-located sites such as are offered at PINE SHORES, it is wise to make your selection at once.

Your personal visit to the property is invited. Arrangements to inspect may be made with our Brainerd representative, Mr. G. L. Larson, at our Branch Office, Hotel Ransford lobby.

THURSDAY, JUNE 10, 1926

PANORAMA IDEA IS MAINLY FICTION

THE idea of having a panorama of one's past actions and experiences flitting before one's eyes before one shuffles off this mortal coil, is mainly fiction so far as we have been able to ascertain.

A man in a strenuous accident, thinks more of living than of dying. The time is too short in the usual violent accident, for instance like being spilled out of an automobile, to do much sustained thinking before the shock comes. As one lucky survivor remarked, all he had time to think was, "Well, here goes." This is about the same expression one uses when one jumps off a springboard into cold lake water. There is no thought of dying, but a determined unvoiced opinion to live, if possible.

People who have come close to drowning, say their last thought was, "I hope I get out of this." And when found, they always give evidence of a struggle to sustain life and avoid death. Even people who wish to commit suicide by drowning oftentimes change their opinions when they strike the water, and strive desperately to escape death.

The instinct of self preservation is inborn. If this instinct were lacking, there would be no humanity today.

No matter how swift the supposed death blow may be, the mind generally has force enough to formulate one idea. We remember interviewing an electrical worker who had survived a shock of heavy voltage. Before ascending the pole to make power wire repairs, he told his helper to go to the alley and shut off the switch so that he could work in safety. The helper forgot the injunction or else was slow in obeying and the worker ascended the pole, touched the supposed dead wire and got the full shock. Black in his face, as though suffocated, he was taken from the cross arm where his leather belt held him, after the current was shut off. He came to gradually.

The last thought in his mind, before the electric power laid him low, was evidently shelved in one of the convolutions of his brain and came to the surface as he revived. Then and there, up on that cross arm of the pole, he gave his slacker helper one of the greatest tongue lashings one ever heard, scoring him for neglecting to turn off the current. Then he glanced down at the crowd, and looked foolish. Quick as electricity operates, his mind had worked faster and had evolved the thought that death was to come because of the carelessness of a fellow worker.

The only moral in this story is that the time to prepare to die is before one is the victim of an accident. The flash of an eyelash in time gives little opportunity for extended prayer or ideas of reformation and permits no moving picture reel of past events and experiences to spin before one's eyes.

TO THE READERS OF THE DISPATCH

WE have been thinking for some time past of sending our editor out into the rural sections to gather news. We have now secured W. H. Triplett for that purpose. As our rural editor, you will find him gathering news of many farmer activities. Here are a few of the things we are all interested in. Are you growing alfalfa and what success are you having?

Are you using pure bred sires in your dairy herds? What success have you in raising sheep and hogs?

Those using silos, what do you think of them? Are you in favor of silage or against its use?

Are you erecting new buildings, or making other improvements?

What success are you having with the poultry business? Have your boys and girls entered club work?

Are there any farmers entered in the ton litter contest for pork production?

And the stories of the oldest settlers! How much did you receive for butter and eggs, 30 and 40 years ago?

Did the R. F. D. deliver mail at your door every day in the pioneer days?

In fact there is enough good news scattered throughout the country districts to fill a column or two of the BRAINERD DISPATCH every day. Just give your story to Mr. Triplett when he interviews you. It surely will make good reading.

EXCELLENT PUBLICITY BY ST. PAUL DISPATCH

WHEN the St. Paul Dispatch came to our desk Saturday we were surprised. It carried a story on our Brainerd Ladies band and was accorded due prominence on the first page under the general heading of The Gopher Trail No. 4. And from the first page the story continued to an inside page, carrying pictures of the band and a splendid writeup throughout.

R. C. Emery, a staff correspondent of the St. Paul Dispatch, visited the Brainerd Dispatch some two weeks ago and mentioned his mission, that of visiting Minnesota towns and writing a story about some interesting feature of the town.

We told him many things and then agreed upon the Brainerd Ladies band and the publicity followed. Mr. Emery got his story first hand from Mrs. Winifred Cronk Ziebell and citizens. He covered his story in splendid manner.

The Brainerd Dispatch was glad to print the whole story.

CONCEDES KNUTSON'S NOMINATION

THE St. Cloud Times, which has been very much opposed to Congressman Harold Knutson for several years, in its issue of June 5 concedes the nomination of Knutson on information which the St. Cloud paper has secured from neutral sources. The fact that the Times admits the strength the congressman is showing is evidence that the attempt to displace him at the primaries will come to naught. The St. Cloud paper keeps a close ear to the ground in matters concerning the Sixth district and this admission is news that while known to the Knutson adherents, is just seeping into the opposition camp.—Little Falls Daily Transcript.

THE free tourist camp is a thing of the past. All camps making any pretense of offering decent accommodations make a charge. In some places the stay of tourists is made a limited one, so as to give others following a chance to also enjoy the camp privileges.

BRainerd

25 YEARS AGO

From the Daily Dispatch

Monday, June 10, 1901

Brainerd seems to be enjoying unusual prosperity this year, a sure indication being that Ingersoll and Wieland, of the Dispatch after careful consideration, have concluded to hereafter publish a daily paper in the city of Pines. E. C. Griffith, an experienced newspaper man of St. Cloud will be the news rustler. The first number of the Daily appeared last Monday and is a "hummer" and if it keeps up the pace it should receive a generous patronage. We wish it success.—Aitkin Republican.

The plans for the new Park Opera house have arrived at the First National bank and in a few days bids will be advertised for the construction of the building.

A number of Brainerdites left the city Saturday night to meet the companies of the Third regiment who are making the hike across the country from Milaca to Brainerd and it is thought they will be here to-night or Wednesday morning.

J. C. Hessel while in Minneapolis purchased an elegant Concord buggy and a spanking pair of driving horses. He will cut a great dash when he gets the outfit together.

Frank Hall of the Tribune left for Crookston and other points north. He will take in the fireman's tournament at Crookston before returning to Brainerd.

Mrs. H. Thevot and Mrs. L. W. Burell were chosen delegates from the W. R. C. of this city to the Park region district encampment at Wadena. They will leave Tuesday afternoon.

Dr. O. J. Batcheller, Robert Georgeson and G. W. Chadbourne returned last night from Long Lake where they spent a very pleasant day fishing. They were quite successful having brought in over 60 nice fish.

A crew of men are busy setting up new machinery at the N. P. shops.

The members of the council met on Saturday evening to view the Fourth street paving but no definite action was taken.

The following was taken from a special column called Curbstone Chat:

Hon. W. H. Noyes: I'm very much impressed with Brainerd's growth. I visited the shops this morning and I think they are a wonder.

Mons. Mahlum: Business is very good; a great many loads of lumber go out into the country every week and the prospects are very good for Crow Wing county.

DAIRYMAN ENTERS CONGRESSIONAL RACE

Fon du Lac, Wis., June 10.—(UP)—Barney F. Sheridan, prominent Fon du Lac county dairyman, today announced his candidacy for the democratic nomination for congressman from the sixth district. He pledged his efforts to secure farm relief legislation in the interests of dairymen.

Grow Hair this New Way!

An entirely new method of scalp treatment has been perfected. It is totally unlike anything you have ever seen or heard of before. Its simplicity will delight you. Its results amaze you. But one treatment a week for most hair troubles. There is no after-odor. No greasy effect.

Guarantee in Writing
Many extravagant claims have been made before. Often the public has suffered. But note our fair offer. This method must stop Falling Hair. Must destroy Dandruff. Must even grow hair—or money back. There are no strings to this guarantee. It is in writing. It appears in every package. You are fully protected.

Seborrhea
Well may you wonder at such a broad guarantee. But we have studied hair troubles scientifically—and discovered some amazing facts. We found that the hair bulbs seldom die from natural causes. They don't come out with the hair. But frequently they become weakened. Seborrhea is most often the cause.

PROTEST AGAINST BREAD AND WATER SENTENCE VOICED

JAIL AND HEALTH OFFICIALS OF NEBRASKA VOICE OBJECTIONS

FOLLOWED IMPOSITION OF MEAGER DIET ON 2 LIQUOR LAW OFFENDERS

Lincoln, Neb., June 10.—(UP)—Protests against bread and water sentences by Nebraska courts were expressed today by jail and health officials of the state following imposition of limited diet for 40 days on two liquor law offenders.

"No judge is competent to say whether a man should live on bread and water for forty days," Dr. Benjamin F. Bailey, chairman of the executive committee of the Nebraska Medical Association, told the United Press.

"It is a relic of barbarism," he said of the statute invoked by County Judge Orville Chat, Tekamah, in fixing the punishment for two farmers convicted of violating the state liquor law.

"I certainly shall place it before our committee and work for its repeal. I never knew before that such a statute existed in the state code."

END OF OSAGE MURDER CASES NOW IN SIGHT

Pawhuska, Okla., June 10.—(UP)—The end of the famous Osage murder case, which have been in the courts for more than three years, was in sight today, attorneys and others predicted.

The unexpected confession of Ernest Burkhardt yesterday that he was guilty as charged and his statement implicating W. K. Hale and John Ramsey, brightened hopes of those interested in getting to the bottom of the "Osage reign of terror."

The three men were accused by the state of bombing the W. E. Smith home, causing the death of Smith, his wife and a servant.

MISS CLAIRE DUX LIKES AMERICANS, WILL WED ONE

"AMERICAN MEN SPOIL WOMEN
BEAUTIFULLY," SHE
SAID

WILL BE BRIDE OF CHARLES H.
SWIFT, MULTIMIL-
LIONAIRE

Chicago, June 10.—(UP)—Miss Claire Dux, world famous operatic and concert soprano, who has been quoted as saying she wanted to "marry an American, because American men spoil women beautifully," is to become the bride of Charles H. Swift, multimillionaire, vice president of Swift & Co.

Announcement of the forthcoming wedding today brought a stir in Chicago's exclusive social set in which Swift has long played a prominent part. He confirmed the engagement and plans for the wedding to be held in August and announced Miss Dux would retire from public life.

Swift is 53 years old, a son of Gustavus F. Swift, now president of the firm. He is also a director of Libby, McNeill & Libby and a member of nearly a dozen clubs in Chicago and New York.

He has given large sums of money to the development of musical appreciation.

AUSTRIA IS DISCHARGED FROM BANKRUPTCY

LEAGUE OF NATIONS COUNCIL
TERMINATES CONTROL OF
AUSTRIAN FINANCES

REHABILITATION OF AUSTRIA IS
ONE OF GREATEST WORKS
OF LEAGUE

By HENRY WOOD
(United Press Staff Correspondent)

Geneva, June 10.—The republic of Austria was discharged from the international court of bankruptcy when the League of Nations council formally voted to terminate all control of Austrian finances on June 30.

Rehabilitation of Austria is one of the greatest works of the League, which has failed to get merited public attention, Sir Austen Chamberlain, British foreign secretary, told the council.

Mello Franco, Brazilian council member, who absented himself from Monday's and Tuesday's council meetings, was present yesterday.

While the council was congratulating Austria and itself, the troubles of the League were increasing in the chamber where the preliminary disarmament conference sub-commission was in session.

After two weeks of academic discussion of disarmament without a single fundamental decision being taken, the delegates disagreed regarding adjournment.

TO TEST BIBLE READING IN PUBLIC SCHOOLS

Virginia, Minn., June 10.—(UP)—Bible reading in the public schools of Virginia probably will be tested soon in the Minnesota supreme court.

Max Kaplan, of Virginia, has appealed a ruling by Judge Edward Freeman in St. Louis county court, who refused to restrain the public schools of Virginia from reading the bible in regular classes.

Bible reading was ordered by the school board in response to a resolution approving the plan adopted by the Virginia Ministerial association in 1924.

NOVEL MEXICAN DISHES
Pacific Coast Expert Tells
How to Prepare Them

(Editor's Note: This is one of an unusual cooking series contributed to this paper by six famous cooks. Cut it out and paste in your cook book.)

Enchiladas, picadillo, Spanish rice, beans a la Ayre, and refritos!

Those words conjure up pictures of most palatable and spicy dishes to the Spaniard. And many an American has fallen for their tempting tooth-someness.

Mrs. Kate Brew Vaughn, home economics director, Los Angeles, and author of several cook books, was taught how to make these dishes by a Mexican lady.

MRS. KATE
BREW VAUGHN

Fragrant and Delicious

Mrs. Vaughn gives the following directions for making enchiladas. The gravy may be made the day before. Its ingredients are: 4 ounces chili peppers, 1½ pounds tomatoes, 2 slices hard toast, 1 small onion, 1 pinch each of clove, thyme, pepper, sugar, and salt.

Open peppers, and if it is not desired very hot, remove veins and seeds. Soak in boiling water about 10 minutes. Skin tomatoes by holding over flame. Put toast and onion through food chopper and then strain all the ingredients in order to make a smooth gravy. Melt two tablespoons shortening in frying pan, add gravy, and simmer slowly until smooth and thick.

Filling for Enchiladas (Picadillo)

1 pound pork
1 tablespoon shortening
1 teaspoon chopped onion
Clove of garlic (chopped)
½ cup chili sauce
1 tablespoon chopped green olives
1 tablespoon chopped blanched almonds
1 tablespoon raisins (chopped)
1 teaspoon vinegar
1 pinch salt
1 pinch sugar
1 teaspoon olive oil
Boil pork until tender, then chop fine. Melt shortening and fry pork until brown. Add onion, garlic, and chili sauce, and fry for three minutes. Add olives, almonds, and raisins, and cook two or more minutes. Just before removing add vinegar, salt, sugar and olive oil.

Make Tortillas, Too

1 quart white flour
1 cup lard
2 teaspoons salt
Enough water or milk to make dough sufficiently thick to roll out like biscuit.

Divide into balls size of turkey egg and pat between the hands until thin and round and cook on top of the stove without grease. After frying, dip in hot gravy, place on plate, and place 1½ tablespoons of filling in center. Roll tortilla loosely and garnish with gravy, grated cheese, sliced onion that has been soaked in salt water a few minutes, a green olive, blanched almond, radish, and a sprig of parsley.

Spanish Rice

1 cup rice
1 tablespoon shortening
1 tablespoon chopped onion
1 clove of garlic
½ cup tomato sauce
1 quart boiling water
Pepper and salt to taste

Melt the shortening, add the onion, and partially cook, not allowing to brown. Add to rice and fry until brown. Add the tomato sauce a little at a time, allowing each portion to almost cook dry before adding more. Add the boiling water. Do not stir, and allow to simmer slowly until done. If it is necessary to add more water, be sure it is boiling. Do not stir. Requires about 1½ hours of cooking.

What does
this mean
to you?

Six national cooking experts cooked 197 dishes on the Perfection Stove to test its all-around cooking ability. Every dish was deliciously done, and the six famous cooks were delighted with the Perfection's performance. The test convinced them, they enthusiastically reported, that the Perfection is a convenient, safe, dependable, economical, and efficient stove.

What does this test mean to you? It means that when you use a Perfection—whether you cook one dish or 197—good cooking results are certain. This is the word of cooking experts who tested Perfections under all conditions.

Delicious String Beans

Here's a new way to prepare string beans—a la Ayre. Use 1½ pounds string beans or green beans, 3 eggs, and 2 teaspoons cornstarch. Cook string beans until tender. Separate into bundles of eight or ten. Make batter by beating whites of eggs until stiff. Add slightly beaten yolks. Continue to beat, adding cornstarch. Place a bundle of beans on a large tablespoon and place in batter, working batter around the beans with the spoon. Fry in hot fat until brown on all sides. Serve with the following sauce:

1 teaspoon shortening
1 teaspoon chopped onion
1 small tomato
1 teaspoon cornstarch,
salt, pepper, and sugar

Melt shortening in frying pan and cook for a few minutes. Add the tomato chopped fine, and cook until almost dry. Add cornstarch and enough water to make a smooth sauce. Add salt and pepper.

"Pink Beans," Too

"Pink beans" (kidney beans) are very filling. Their Mexican name is "refritos." Take one pound of them, 2 teaspoons salt, 4 tablespoons fat, 2 ounces of cheese, and 2 small Mexican sausages.

Wash beans well, and cook with enough water to cover well. Boil about 2 hours. When adding more water be sure to add cold. When beans begin to get soft add the salt. When nearly and tender, drain juice from them, setting juice to one side. Melt fat in frying pan. Add cheese and skinned, chopped sausages. Fry one minute, then remove to dish temporarily. In the same frying pan pour beans and fry for three minutes. Mash, add the cheese and sausages, juice from beans, and mix thoroughly.

"You will find these dishes very appetizing," Mrs. Vaughn says.

BERLENBACH AND STRIBLING BOUT TONIGHT

GATE RECEIPTS OF \$250,000 SEEM ASSURED

WEATHER SUFFICIENTLY PROMISING TO INSURE A LARGE CROWD

BERLENBACH TO DEFEND HIS LIGHT HEAVYWEIGHT CHAMPIONSHIP

By PAUL W. WHITE
(United Press Staff Correspondent)
New York, June 10.—With the weather sufficiently promising to insure a big crowd at the Yankee stadium, with gate receipts of a quarter of a million dollars, Paul Berlenbach tonight will defend his light heavyweight championship against young Stribling of Georgia. A late rush of support from the Berlenbach camp has evened the betting, although earlier in the week the challenger was a 6 to 5 favorite. The fans feel that the two boxers are so evenly matched that to concede odds in either direction would be sheer optimism.

On recent performances Stribling would appear to have the edge both recently fought Johnny Risko, the Cleveland heavyweight and Berlenbach was unable to overcome the 15 pounds handicap, losing the decision after taking a severe drubbing. Stribling, on the other hand, out-pointed Risko by such a large margin in the early rounds that the judges could not but give him the bout, although he was tiring at the end.

Stribling is a fast and clever boxer. Berlenbach is a mauler type. If there is to be a knockout by Stribling it probably will come early in the bout, whereas the champion could prove a menace throughout the 15 rounds.

The meeting is the second clash between them. They fought a six round draw here in August, 1924, when, Stribling, because of his age, was not allowed to go a longer distance. Tonight Berlenbach will have a slight weight advantage but not enough to affect the outcome measurably.

Interest in the bout has exceeded the anticipations even of Tex Rickard, the promoter. The advance sale has been so heavy that Rickard seems to have put over another big money maker.

Watching the Scoreboard

Yesterday's Hero—Dazzy Vance of the Robins, who fanned 14 Reds in nine innings. Bob McGraw came in to pitch in the 10th, however, and got credit for the 4 to 3 victory.

The Pirates went into the National league lead when they defeated the Phillies 9 to 7 in 10 innings.

Thomas held back the Athletics and the White Sox made it two in a row, winning 4 to 1.

The Braves won their seventh straight, piling up an early lead, sufficient to beat the Cubs 6 to 3.

Bill Sherdel had the Giants where he wanted them and the Cardinals walked away with a 4 to 2 victory.

The Indians again defeated the Senators in a free hitting game, 11 to 5.

By rallying in the eighth and ninth the Yankees were able to muster sufficient runs to set down the Tigers 4 to 3.

The Red Sox fell before a sustained St. Louis attack, the Browns gathering 13 hits to win 6 and 4.

Pounding four pitchers for 17 hits the Brewers ran their string of successive victories up to 16 by taking the Millers into camp in the final game of their series 12 to 4.

After having tied the score in the 8th the Saints put over the needed run

in the ninth to give them a 6 to 5 win over the Blues.
Other teams were traveling.

FROM TREE TO STUMP TO STONE, ROLLED INTO CUP

Wanamingo, Minn., June 10.—(UP)—Casper Gunderson has become a member of the Hole In One club, through a freak shot that probably has few parallels.

Gunderson made a powerful but slightly misdirected drive on the Wanamingo course. The little ball fell down into a tree, bounced off and hit a stump, glanced from there to a stone and then rolled into a cup.

Eye witnesses are cited by Gunderson to prove that he really achieved such an almost impossible feat.

RICHARDS IN SEMI FINAL ROUND OF PLAY

PLAYING IN MEN'S SINGLES AT THE PARIS TOURNAMENT

RAIN INTERFERED AND STOPPED THE MATCH YESTERDAY

By HENRY L. FARRELL
(United Press Staff Correspondent)
Paris, June 10.—Vincent Richards today advanced to the semi-final round of the men's singles in the hard court championships by winning the few games necessary to defeat Baron Von Kehrling of Hungary.

Rain stopped the match yesterday when Richards was leading 6-1, 6-3, 3-1 and the last act went to the American today at 6-3.

Richards will meet Henri Cochet of France in the semi-finals and the other bracket will bring Jean Borotra and Rene LaCoste together.

The weather again was unfavorable today and there were few spectators.

Mary K. Browne of California will meet Suzanne Lenglen, French ace in the women's singles final tomorrow. The match might have been played Sunday but Miss Browne asked for the earlier date so she can leave this week for Wimbledon, England, to practice for the Wightman cup matches.

Paris, June 10.—Vincent Richards fell before the racquet of Henri Cochet of France today in the semi-finals of the Racing Club French tennis championships.

Cochet won in straight sets, 6-1, 6-4, 6-4.

Miss Browne and Elizabeth Ryan easily defeated Mlle. Contoslavos and Mlle. Cousin, 6-2, 6-0.

Kitty McKane Godfree and Miss Colyer defeated Mlle. Peterl and Miss Bouman, 6-3, 6-3.

PONSASINORUM WON NEWBURY SUMMER CUP RACE

London, June 10.—(UP)—Sol Joel's Ponsasinorum today won the Newbury summer cup race. Agha Khan's Zambo was second and H. L. Cottrill's Miss Port was third. Twelve ran.

Betting was 5 to 1, 4 to 1 and 30 to 1.

Ponsasinorum won by four lengths and Zambo was four lengths ahead of Miss Port.

Camel is the smoker's sign of friendship

IN THE home, or at the club—in busy office or crowded street—whenever friend meets friend, you will hear that magic invitation—*have a Camel!*

And wherever Camels are lighted, men come together in more friendly understanding. No other cigarette ever had or made so many friends or brought so much added friendliness to the world as Camel, for Camel's quality is a universal language.

Camel is more than a cigarette. It is an experience in smoking enjoyment—the finest this old earth affords. Camels contain the choicest Turkish and Domestic tobaccos

grown, and these fine tobaccos are superbly blended, as in no other cigarette. The enjoyment of Camels goes on forever, for they never tire the taste no matter how liberally you smoke them. They simply never leave a cigarettey after-taste. No other cigarette in the world is like them. Millions of experienced smokers who could well afford to pay more will buy and smoke only Camels.

Whenever and wherever you meet a friend, let that be a standing invitation to the sheerest enjoyment that ever came from a cigarette.

BRAINERD LIONS AT BREEZY POINT

Banquet There Last Night Declared Best in History Club

50 MEMBERS ATTENDED

Aitkin Club Sent a Delegation, Local Club Puts on Home Talent Review

Pep, peppier, peppiest. That's the way the Brainerd Lion's club banquet went over last night at Breezy Point Lodge.

It started with pep, became peppier and when it reached a climax it was declared to be the peppiest annual attendance banquet to have yet been put on by the roaring den of the local club.

Fifty Lions were in attendance to make the event the success it was. Attendance banquet night is a night looked forward to by the local Lions. It is a night when business matters are forgotten and each enjoys himself to his heart's desire.

Mrs. Fawcett, wife of Captain William H. Fawcett, of Breezy Point Lodge, extended a welcome invitation to the Lions, giving them the run of the lodge.

Lions Smith, Kelly, Bollens, and Fry of the Aitkin club were in attendance. Lion Jim Alderman was in charge of the entertainment which consisted of comic sketches, singing by the club with Lion Hough leading, vocal selection by George Sweet and Amos Maghan and vocal selections by the Lions quartet.

The announcement was made that a number of Lions from the local club are planning to attend the fifth district convention at Winnipeg at which time a bid will be made to have the 1927 convention held in Brainerd.

The menu consisted of: Consomme, Radishes, Olives, Celery, Tenderloin Steak, Tomato and Lettuce Salad, Ice Cream and Cake, Coffee.

The Lions club expect to start their glad hand work the first of next week when each member will have one day to himself to welcome tourists to Brainerd.

The club have furnished a register to the Brainerd tourist camp.

Support for Grapevines

The bureau of plant industry says that copper wire may be used to support grapevines. While the copper wire is more expensive at first, some believe that it is cheaper in the long run, as it endures longer than galvanized iron, which is used more universally. The galvanized iron wire needs to be removed in about three years. No. 10 wire is the size which is used for vineyard trellis.

Cast Iron and Rust

The bureau of standards says the extent to which cast iron will rust is, of course, dependent upon the conditions to which it is subjected. For simple atmospheric exposure it is far superior to wrought iron or the ordinary forms of steel. Some of the newly developed alloy steels are less susceptible to rust than iron.

FINE ACCOMODATIONS

Thousands of Wild Roses Now in Bloom at the Park

Tourists who take advantage of the Brainerd tourist camp are greatly impressed with the beauty of the camp, the accommodations it affords, and the efficient service rendered by the caretakers, Harley Smith and Fred Krause.

The tourist camp here is a place of beauty. The green lawns are kept in first class shape, and the grounds are kept free of all loose paper and rubbish. An embankment where thousands of wild roses are in bloom also enhance the beauty of the place.

The camp has 14 tables, all being equipped with gas ranges. Shower baths for ladies and men is another feature.

The fee for the use of the camp is 50 cents for 24 hours and 25 cents for 12 hours, per car.

Since the camp opened on May 29, more than 100 cars have been parked in the camp and more than 400 tourists have taken advantage of it.

A register at the office of the camp which the tourists are asked to sign shows that tourists from all parts of the United States pass through Brainerd.

Victor Jallen and party of Berkeley, Calif., passed through the city yesterday on their way to New York City. They are making a transcontinental automobile tour.

The caretakers request that automobile drivers who drive to the camp just on sightseeing leave their cars outside the camp and walk through as the dust from the cars disturbs the campers, especially at meal times.

The camp can accommodate 30 cars at the one time.

The following tourists registered at the camp during the last two days: Mrs. Gamble, St. Paul; G. E. Hall, F. Seymour, Madelia; G. A. Southworth, Northfield; R. SAYS BANK OF NORTH DAKOTA "IS A MENACE"

New Rockford, N. D., June 10.—(UP)—The bank of North Dakota, after seven years of experience, "is a positive menace to the financial future of the state," Attorney General George F. Shafer declared in an address here yesterday.

The bank has already lost more than its capital stock, he said, it has no capital and is obviously insolvent. Either the state should recognize that the bank is in reality insolvent or that the state ought to replace its lost capital and give it a chance to become self supporting.

"We favor the restricting the functions of the bank of North Dakota to the farm loan business and to eliminate all other functions," Shafer said.

HANK GOWDY RESIGNS AS COLUMBUS PILOT

Milwaukee, Wis., June 10.—(UP)—With the arrival of the Columbus club of the American association here today, it was learned that Hank Gowdy, former New York National league catcher, had resigned as manager of the club and George McQuillan, former Philadelphia National league pitcher, had been named to succeed him.

Chicago, June 10.—(UP)—The resignation of Hank Gowdy, veteran catcher, and one of baseball's colorful figures as manager of the Columbus American association baseball club comes at his own request it was said at the office of Thomas Wilson, owner of the Ohio team, today.

"Gowdy felt he was not making a success of the management of the club and asked that he be relieved of the duties," the announcement said. "The owners felt the same way about it and George McQuillan was selected for the balance of the year."

Hank Gowdy was a veteran of the major leagues when he accepted the management of the American association club this year. Last season he played with the Giants, but John McGraw allowed him his liberty provided he could find a minor league management.

JOE KIRKWOOD AND JIM BARNES ARE DISQUALIFIED

Liverpool, England, June 10.—(UP)—Joe Kirkwood and Jim Barnes were disqualified in the Northern England Golf championship at Formby today for making a late start. An Englishman named Robertson was qualified for the same reason.

With Barnes and Kirkwood out, the American representation is reduced to seven. George Gadd of Southampton took the lead this morning with an aggregate score of 219, after a round in 73.

NEW YORK MILLS TO SEND REPOLA TO MOUND SUNDAY

THE FORMER MILLER AND DES MOINES PITCHER TO FACE BRAINERD

ZAKARIASEN WILL ENGAGE IN A HURLING DUEL WITH ALL SALARIED TEAM

When the New York Mills all-salaried baseball team lines up for the game with the Brainerd N. P. team Sunday afternoon at the Municipal Grounds, they will have a former Miller pitcher on the slab. Repola, their hurling ace, worked for the Minneapolis A. A. team, and also for the Des Moines nine of the Western league.

Repola has worlds of stuff, and has thrown some fine games, setting back clouters of high repute. With Jackson, his catcher, he makes a pair of battery workers hard to beat.

Opposed to him will be Zakariasen, former Brainerd pitcher, and lately of the Carleton college team. Zak is well known in Brainerd, and his many friends will be glad of an opportunity to get out and see him pitch again. He has added a great deal to his former experience by working for the college team, his last appearance being the championship game with St. Olaf this week, when he went to the mound to replace Addington at the end of the first inning, after St. Olaf had scored five runs off Addington. In the remaining eight frames, Zakariasen held them scoreless, allowing but four hits.

The remainder of the line-ups for both teams will be given in Saturday's Dispatch. The game is scheduled to begin at 3 P. M. Sunday.

Bill McKechnie Is Suspended Indefinitely

New York, June 10.—(UP)—Bill McKechnie, manager of the Pittsburgh Pirates, today was suspended indefinitely by President John A. Heydler of the National league, as a result of trouble McKechnie had with Umpire Klem yesterday at Philadelphia.

ST. PAUL MADE REPAIR DEPOT FOR AIR MAIL

MECHANICAL SERVICE, OBSER- VATION STATION, AND RE- SERVE SHIPS

ST. PAUL AS MIDPOINT OF FARGO TO WINNIPEG AIR LINE

St. Paul, June 10.—(UP)—The operating air mail terminal of the northwest, with a repair depot, mechanical service, observation station and reserve ships, will be installed here tomorrow, according to an announcement by W. A. Kidder, northwest representative of the Dickinson air line.

The station, according to his plans will become the midpoint for this section when air mail lines are established to Fargo and Winnipeg.

Information necessary to the flyers will be gathered here and the entire system will be operated much in the fashion of railroads under the direction of train dispatchers.

Several minutes were cut from the flying time to and from Chicago by the air carriers yesterday and the service has now settled down to routine operation.

STOCKS SHOW DECIDED STRENGTH

New York, June 10.—(UP)—Today's market was noteworthy for the decided strength displayed by the stocks with the highest demand for General Motors, U. S. Steel, American Can and New York Central. This demand was interpreted as indicating the attitude of the Morgan and First National Bank interests regarding the immediate trend of the market and prevented bearishness in professional quarters from making inroads on prices in the general list.

Developments in the economic situation were almost uniformly in favor of the constructive side. Call money fell to 3½ per cent after holding to four per cent level for several days. United States Steel unfilled tonnage statement for May furnished an index to the improvement in buying that occurred last month.

CASH WHEAT DROP AT KANSAS CITY

Kansas City, June 10.—(UP)—Cash wheat prices registered a sharp drop on the local market here today, red wheat dropping from eight to 10 cents below yesterday's closing figures. Hard wheat was 3 to 6 cents lower, closing at \$1.60½ to \$1.63.
